At its first regular meeting of the 1973–74 academic year, the Board of Governors dealt with the following items of business.

- Approved the decision to reduce the rental rate of the married students apartments to \$125.00 per month for the current academic year,
- ratified the appointments of Professor John Barry as Associate Dean, Humanities, and Professor Walter Schwager as Associate Dean, Social Sciences, for the year 1973–74.
- a approuvé la nomination du professeur Ronald Henry comme directeur de l'Ecole des Traducteurs et Interprètes pour un terme de trois ans à compter du 1er juillet 1973.
- approved a recommendation from the Finance Committee that the investment management of the Laurentian University of Sudbury Retirement Fund be turned over to the firm of Lindsay, McKelvey and Company Limited investment counsellors, effective 1 October 1973, and that the Montreal Trust Company be retained to perform the custodial and record-keeping functions for the Plan.

The Board also received a report from the President on this fall's enrolment. Because of the continuing large number of drop-outs after first year, plans are underway to study the reasons for this and whether these students are continuing their education elsewhere.

La prochaine réunion du Conseil des Gouverneurs se tiendra le vendredi 25 novembre 1973.

## ENFIN...! UN LIVRET A L'INTENTION DES PROFESSEURS

Le bureau du vice-recteur des affaires académiques prépare actuellement, en collaboration avec le bureau des publications, un livret destiné à informer les professeurs sur les règlements et les directives, et les diverses démarches les intéressantes.

Le format sera de 6" X 9" en feuilles détachées; on pourra faire des remises à jour à volonté. Chaque professeur recevra son cartable dans lequel il placera les nouvelles feuilles au fur et à mesure qu'on les lui fera parvenir. L'information contenue dans ce livret s'accroîtra donc chaque fois qu'un nouveau document sera mis en circulation.

On s'attend à ce que d'ici un mois les documents traitant des directives importantes à l'Université soient imprimés et distribués.

Le vice-recteur nous informe qu'il serait heureux d'accueillir les suggestions quant aux documents pouvant faire partie de ce livret.

## SENATE/SENAT

*September 20, 1973 — Special Meeting to consider the remaining recommendations of the report from the Committee on Academic Planning.*

*The following recommendations were passed:*

In the event that it is necessary to restrict for financial reasons the number of undergraduate programmes, the following criteria will be used: regional relevance, the cost of maintaining the programme over and above the revenue it generates, and its student enrollment. (These criteria are of equal importance)

**Research** — The responsibility of encouraging and coordinating research is assigned to the President. This will include raising funds for research purposes, distributing research grants given to the University, establishing a research coordinating committee, and encouraging faculty to work on topics related to a theme, or themes (with one theme to be Northern Studies).

A research fund is to be established out of general operating revenue — an initial amount of \$25,000 to be increased by \$25,000 per annum until the annual allocation reaches 1% (approximately \$80,000) of the University's general operating revenue. The fund is to be administered by the President on the advice of the Committee on Research and the President is to make every effort to increase the Research Fund by con-

tributions from outside sources. The Committee on Research is to maintain a complete list of research, and to coordinate, encourage and communicate the research taking place at the University.

**La bibliothèque** — Il serait souhaitable d'établir une meilleure coopération entre la bibliothèque et tous les départements de l'Université dans les secteurs suivants: choix et utilisation des volumes et documents en français, participation de la bibliothèque au développement des programmes, en particulier ceux des centres extérieurs, élaboration d'un plan quinquennal gouvernant les acquisitions en rapport avec les priorités de l'Université.

**Cooperation with Cambrian College** — The President and Vice-President Academic are to be responsible for exploring joint and coordinated programmes and transfer credits with Cambrian College and other CAATS, and coordinated programmes with other Ontario universities.

**Les collèges fédérés** — Il faudra encourager les collèges fédérés dans leur fonction d'enseignement (en particulier le programme des études amérindiennes résultant d'une entreprise commune entre l'Université de Sudbury et l'Université Laurentienne), dans leur apport en matière de bibliothèque, dans l'étude du problème de l'inscription éventuelle de tout étudiant à plein temps ou à temps partiel (dont celui des écoles professionnelles) dans le collège de son choix.

**Programme Development** — \$100,000 is to be set aside annually over the next five years to be used at the direction of the President (with an annual accounting to Senate) for encouraging research and development in academic programmes and in the improvement of teaching skills.

**Autres recommandations sur les programmes** — On devrait étudier la possibilité d'un grade général dans les arts d'une durée de quatre ans; de l'accès de tous les étudiants aux cours professionnels offerts par les écoles, en vue de crédits universitaires; d'une plus grande attention accordée à la communauté francophone dans les programmes cliniques et pratiques de l'Ecole de Service Social et de l'Ecole des Infirmières; d'examen sur demande; de crédits accordés à la suite d'une expérience pratique; la possibilité aussi de réorganiser l'annuaire de manière à isoler certains "secteurs d'intérêt" parmi les cours offerts; d'offrir la maîtrise en enseignement des arts et la maîtrise en éducation.

**Senate Committees** — The Executive Committee is to review all existing committees with a view to proposing reductions in size and numbers. Four new standing committees are to be created: Curriculum Committee, Comité des Affaires Francophones, Long-Term Planning Committee, Affiliated Colleges Committee. Two already exist as ad hoc committees.

**Lay Advisory Committees** — The principle of Lay Advisory Committees was adopted and such committees are to be established where possible.

**Structures** — Dans le but de coordonner les efforts et les ressources (humaines et financières) des départements intéressés, il faudrait étudier (et faire rapport en décembre 1973) les programmes de langue de l'Ecole des Traducteurs et des départements d'anglais, de français et de langues modernes, et aussi la fusion du département de physique, de l'institut d'astronomie et de l'institut de recherche sur les micro-particules.

The secretariat of Senate should be expanded.

A review of administrative structures is to be undertaken by the Long-Term Academic Planning Committee. Present academic structures are to continue until alterations are authorized by Senate and Board.

*September 20, 1973 – Second Regular Meeting of Senate (1973-74) –*

## School of Nursing

*A report by Dr. H. Albert, Vice-President, Academic*

Following the decision of Senate to continue the School of Nursing, plans were made and action was taken to reorganize the staff of the School of Nursing.

The absence of new leadership in the School and the lack of time for adequate curriculum planning were the major obstacles in the recruitment of staff. By the end of July, only a short list of part-time candidates was available.

Fortunately, in early August, Miss Alma Reid (former Director of the McMaster University School of Nursing) accepted our offer to serve as Acting Director of the School of Nursing for 1973-74. Her experience and reputation turned the tide. A minimum staff complement was hired during the month of August and assigned various responsibilities:

*Miss C. O'Connor* (full-time) to teach the third year Obstetrics and Pediatrics courses;

*Mrs. Audrey Pickard* (part-time) to teach Psychiatric Nursing and part of Trends, Developments and Leadership in Nursing at the 4th year level;

*Mrs. Mary Donato* (part-time) to teach Public Health and a section of Trends, Developments and Leadership in Nursing at the 4th year level;

*Miss Jeannette Bouchard* (full-time) to teach the first year courses.

Other part-time positions will be filled for teaching specific areas of the programme.

A search will be started immediately for a director and staff to assure the continuity of the programme as well as effective planning before September 1974.

Following Senate's decision on June 14, namely to close the second year of the programme in 1973-74, we were able to place the second year students as follows:

|                                  |    |
|----------------------------------|----|
| McMaster University .....        | 10 |
| University of Toronto .....      | 3  |
| University of Ottawa .....       | 6  |
| Regional School of Nursing ..... | 2  |

These students were offered the opportunity during the summer to take, free of tuition fees, any course from Laurentian which they needed as transfer requirements to the University of their choice. Twelve girls availed themselves of this opportunity and took courses in Chemistry, Sociology, French or Economics.

Senate had also decided to limit enrolment to 15 students in the first year, but without retracting offers for admission already made. The first year class has 18 students.

Following the hiring of some of the staff, the year three and the year four students were informed of the situation and invited to signify their intention of coming back to Laurentian. There are 18 students in third year and 6

students in fourth year. The third year enrolment is considerably higher than the most optimistic projections.

Only slight modifications to the programme are presently proposed since the time available to the faculty for programme planning was too limited to finalize elaborate changes. The more significant changes to be effected this year will be the delivery and content of the courses.

The President is supervising the compilation of the University's brief to the Committee on University Affairs, to be presented on November 12. A draft will be circulated to members of Senate prior to the October meeting.

The Director of Graduate Studies has been authorized to award the graduate scholarships and bursaries recommended by the Graduate Council.

The Executive Committee has appointed Mr. B. MacNeil and Mr. J. Clarke as a sub-committee to study revisions to Senate by-laws, with a report to the Executive by mid-November for consideration by Senate in January, 1974.

*September 27, 1973 – Continuation of the Second Regular Meeting of Senate.*

The Vice-President Academic stated he would like to remind his academic colleagues that courses are normally given at the rate of three hours per week, as stated in the calendar, and any change from this requires the permission of the Chairman and Associate Dean concerned. Also, there could be no change of classrooms without the formal approval of Mr. M. Mehes, Assistant Registrar, Statistics.

In the report of the University Budget and Short-Term Academic Planning Committee, it was pointed out that the unit estimates for the 1973-74 budget included the use of 1972-73 unspent budgets in addition to the regular allocation. Among the recommendations passed were: 1) that a new budget—President's Development Fund—be created in the amount of \$37,575, from unspent "other academic" allocations; 2) that a student employment register, under the direction of an appropriate administrative officer, be established, comprising: a list of full-time and part-time employment opportunities available in the University, a list of students who desire employment, an account of procedures and a list of students hired; 3) termination of membership in SACU; 4) that the 1973-74 final operating budget, estimating revenues of \$8,258,176, expenditures of \$9,450,060, and a deficit of \$585,084, be approved.

Senate agreed to promote automatically to the rank of Assistant Professor, all Laurentian University faculty members, upon the completion of their Ph.D. requirements on or before 15 September, the promotions with corresponding benefits to be retroactive to the preceding July 1.

A report from H. Albert, Vice-President, Academic indicated the success of the first year of operation of the Science correspondence courses. The courses are being offered where Science courses cannot be offered in the normal off-campus programme. Initial response of 70 enquiries produced 34 enrolments with 5 dropouts. The report pointed out various problems encountered and student comments on the programme. Recommendations passed in Senate include extending the experimental period for another two years; placing payment of participating professors at \$100 per student-course up to a maximum of \$2000; crediting the Science Division with \$50 per student-course for expenses; and allowing a ten month course completion period with a two month extension on permission of the Dean.

## LA MAISON DES FRANCOPHONES

Il y a déjà quelques années que les francophones de l'Université Laurentienne organisent et participent à certaines activités telles que: la Troupe, le journal, le club littéraire, le ciné-club, etc. Jusqu'ici, ces activités existaient indépendamment l'une de l'autre.

L'an passé, certains des groupes se sont réunis pour planifier, financer et organiser le congrès *Franco-Parole* et le spectacle *La nuit sur l'étang*. L'expérience, qui s'avéra un succès, les portait à conclure que "l'union fait la force" et, par conséquent, qu'il fallait unir sous un seul nom toutes les activités socio-culturelles francophones. Ainsi est née l'idée de la Maison Francophone.

La Maison Francophone intéresse tous les francophones et francophiles du campus. Son comité de coordination est composé d'un représentant de chacun des organismes suivants: le journal étudiant, les Grands Films, le club de création littéraire, le club de photographie, la Troupe, le Café chantant et tous les organismes qui viendront s'ajouter à la liste. De plus, la vice-présidente de l'A.G.E., l'orienteur ainsi qu'un membre du comité francophone feront partie de ce comité et auront droit de vote. Ce comité doit animer, coordonner et financer tous ces organismes. D'autre part, le comité sera responsable des nouveaux projets et devra voir à la planification de la vie étudiante francophone.

\* \* \* \*

Puisque Monsieur Yvan Rancourt, animateur francophone pour l'année 72-73, a remis sa démission, le comité de la Maison Francophone a décidé de lui trouver un remplaçant en annonçant publiquement le poste. Après avoir étudié les dossiers de tous les candidats, le comité a choisi d'engager Gaston Tremblay.

\* \* \* \*

Le comité de coordination de la Maison Francophone a cru bon d'engager, pour la saison 73-74, un animateur de théâtre pour diriger la Troupe universitaire.

Parmi quinze candidats, le comité de sélection a choisi Bernard Martineau, de Montréal. Bernard est diplômé du C.E.G.E.P. Lionel Groulx où il a reçu une formation professionnelle en technique de mise en scène et en animation. Il revient tout juste d'Europe, où il a fait des études théâtrales, notamment en Pologne chez Grotowski. Il a déjà plusieurs mises en scène à son compte: en particulier, une pièce d'Arrabal et une de Yukio Mishima, montées à Montréal, et une création collective présentée à Rimouski.

## BOURSES DISPONIBLES

Plusieurs programmes de bourses sont à la disposition des chercheurs, grâce aux bons offices de l'A.U.C.C., le Conseil des Arts, le Conseil National de la Recherche, et d'autres agences gouvernementales ou privées.

Le vice-recteur des affaires académiques et le directeur des études supérieures possèdent déjà tous les renseignements utiles à ce sujet.

Le vice-recteur nous informe qu'il publiera la plupart des renseignements dans la *Gazette*, mais il invite en même temps les professeurs qui auraient un projet de recherche à s'enquérir auprès de son bureau quant aux ressources disponibles.

## Council of Ontario Universities

At its meeting on June 1, COU elected Dr. W.C. Winegard, President of the University of Guelph, and Father R. Guindon, Rector of the University of Ottawa, Chairman and Vice-Chairman respectively, for the term July 1, 1973, to June 30, 1974.

Mr. Ralph Stierwalt, Assistant Director of the Libraries Processing Division, University of Western Ontario, and Mr. Larry Porter, Assistant Librarian for Systems and Development, University of Guelph, have been appointed Director and Assistant Director respectively for the new cooperative library system for the fourteen provincially-supported Ontario universities.

Laurentian's President, Dr. E.J. Monahan, has been appointed Chairman of a special committee which was established to advise COU on long-term policies governing the awarding of undergraduate scholarships.

The Ministry of Colleges and Universities has announced that funds have been made available for support of the Ontario Universities Programme for Instructional Development. The programme will operate under the direction of the Joint Subcommittee on Instructional Development of the Council of Ontario Universities and the Committee on University Affairs. Professor Harold M. Good of Queen's University has been appointed Director of the programme. The aim of the programme is to assist individual faculty members in Ontario universities and the universities themselves in improving the effectiveness and efficiency of their instructional processes. Letters to the Director reporting activities which relate to instructional development, and suggesting priorities will be welcomed. Individuals or groups wishing to apply for support of development work for which they have the support of their universities may obtain further information from the Director whose office will be located at Queen's for the coming year.

## AT LAST...! A FACULTY HANDBOOK

A faculty handbook is being prepared by the Academic Vice-President's office in cooperation with the Publications' office.

This handbook is intended to include all major university policies, regulations, and procedures relevant to faculty members.

The format will be that of a 6"x9" loose-leaf binder and designed to facilitate the updating of information. Each faculty member will be given a binder which will be expected to last the length of his stay at Laurentian. As required, new material or replacement pages will be forwarded to all concerned, who will then be responsible for keeping the book up to date.

The handbook will not include all information at first; material will be added as time permits. It is expected that some of the major policies will be printed and available in one month's time.

The Vice-President informs us that he would welcome suggestions as to the content of this handbook.

## NEW SIGNS IN FRONT OF ARTS BUILDINGS

The new signs in front of the Arts and Humanities Building are for the benefit of student hitch-hikers to indicate the area of town to which they would like to travel: Centre Ville, New Sudbury, Lockerby, West End.

## REIMBURSEMENT OF TUITION FEES TO SUPPORT STAFF

*The general regulations concerning reimbursement of tuition fees to support staff for courses taken outside the University is as follows:*

- If the University has requested a full-time member of the support staff to enrol in a course outside the University, and if that person's supervisor states that in his view the successful completion of the course will provide a direct benefit to the University, a 50% reimbursement of tuition will be granted.
- Reimbursement will be made upon receipt of a transcript indicating successful completion of the course.
- An employee to whom this privilege is extended will not be entitled to apply for a salary review until six months after completion of said course or courses. Naturally this does not apply to the regular increase of July 1 of each year.

*The general regulations concerning tuition fees refund to support staff pursuing credit courses at Laurentian University is as follows:*

- A refund of 100% of tuition fees will be granted upon successful completion provided that the employee is still in the service of the University when the results are published.
- Normally, permission will not be granted for a member of staff to take a course during working hours. If, however, a specific course which is not available during the day is necessary to complete a degree and the person being considered is very close to fulfilling the last requirement for a degree, permission may be granted.
- The total amount of tuition may be paid through payroll deductions of four monthly instalments or eight bi-weekly instalments.

## SCHOLARSHIPS, FELLOWSHIPS AND BURSARIES

Many programmes of aid to researchers are available through the services of A.U.C.C., the Canada Council, the National Research Council and other governmental or private agencies.

Most of the necessary information is available through the Vice-President (Academic) office or from the Director of Graduate Studies, Dr. W.Y. Watson. The Vice-President has informed us that he will make considerable information available to the readers of the *Gazette*, but he will welcome any member of faculty with a research project to contact his office in order to find out available sources of financial assistance.

**Value:** Travel plus \$1,000 per month

**Closing date for nominations:** November 1, 1973.

For more information, see the Academic Vice-President.

## COMING EVENTS/ON ANNONCE

**The Comet of the Century** — About Oct. 15 the Comet Kohoutek (1973) will become observable in small instruments. It is expected that it will be visible to the naked eye by Nov. 15, will be at its brightest in late Dec. or early Jan., and that it will be observable to the naked eye till the end of Feb., 1974. Everyone interested is invited to a meeting on Saturday, Oct. 6, at 7 p.m. in FA 040C (Fraser Building), to discuss time and methods of observation.

**La comète du siècle** — Durant le mois d'octobre, la comète Kohoutek (1973) deviendra accessible à de faibles instruments. On discutera des méthodes d'observation, le samedi 6 octobre à 19h., à la salle FA 040C. Tous sont invités. Pour plus de détails, s'adresser à l'Institut d'Astronomie, poste 567.

**Le département de Géographie vous invite à insister à un séminaire présenté par Dr. Jacqueline Beaujeu-Garnier, Institut de Géographie la Sorbonne.** Date: mardi, le 9 octobre, 10h.30, à la salle C114. Sujet: Regional planning policy in France: problems and progress.

### Museum and Arts Centre

Oct. 2-17 — *Exhibition of Paintings and Graphics* by Martha Langlade, Maria L. Merrifield and Vince O'Driscoll. Charles Paxy: *Sculpture and Water Colour Paintings*.

### Laurentian Art Gallery (11th floor, R.D. Parker Building)

Oct. — *Canadian Heritage Foundation Permanent Collection*.

**La Troupe de Théâtre universitaire** — Il y a déjà deux semaines que les membres de la troupe participent activement aux ateliers dans leur nouveau Local L-207. On parle déjà d'un spectacle qui serait prêt avant-Noël, et d'un deuxième pour une tournée en mars.

**Les Grands Films** — Le ciné club offre, comme par les années passées, un grand choix de films à des prix modiques. Cette année, plus que jamais, on peut parler des Grands Films, car la liste des réalisateurs et des acteurs constitue un répertoire des plus grands noms du cinéma actuel.

Quoique la salle est toujours la même, les films seront projetés le mardi au lieu du mercredi, et cela en matinée, à 16.00 heures, et en soirée à 20.00 heures.

Les premiers films à l'affiche seront:

|             |                                            |
|-------------|--------------------------------------------|

| 16 octobre  | <i>Astérix et Cléopâtre</i>                |
| 23 octobre  | <i>Le Charme Discret de la Bourgeoisie</i> |
| 30 octobre  | <i>Mon oncle Antoine</i>                   |
| 6 novembre  | <i>Viva la Muerte</i>                      |
| 13 novembre | <i>Le Messenger (The Go-Between)</i>       |

**Renée Claude** — Sous les auspices du comité culturel de l'A.G.E., Renée Claude présentera son tour de chant à Sudbury, le 21 octobre. Le spectacle débutera à 20.00 heures à l'auditorium Fraser. Le prix d'entrée sera de \$3.00 pour les adultes et de \$2.00 pour les étudiants. Si vous désirez plus de renseignements, veuillez entrer en communication avec Thérèse Boutin, à l'A.G.E.

**Sociology Public Lecture** — The Department of Sociology and Anthropology is sponsoring a public lecture on "The Position of French Canadians Outside of Quebec" by Dr. Frank Vallee, Chairperson, Department of Sociology, St. Patrick's Campus, Carleton University, on Thursday, October 18, at 3:30 p.m. in C-204. While visiting Laurentian, Dr. Vallee would like to talk with all persons interested in research on French Canadians outside of Quebec.

**Biology Seminar Series** — Dr. T. Gillespie, the well known agrometeorologist who has been nominated climatologist-in-orbit for 1973-74, will visit Laurentian on October 22. He will deliver a lecture on "Meteorological aspects of pest and disease control" at 4:30 in S328.
